Introduction

Purpose of the Annual Audit Plan

1. The purpose of this Annual Audit Plan is to provide an overview of the planned scope and timing of the 2024/25 audit of Falkirk Council Pension Fund's annual report and accounts. It outlines the audit work planned to meet the audit requirements set out in auditing standards and the Code of Audit Practice, including supplementary guidance.

Appointed auditor and independence

2. Pauline Gillen, of Audit Scotland, has been appointed by the Auditor General for Scotland as the external auditor of Falkirk Council Pension Fund for the period from 2022/23 until 2026/27. The 2024/25 financial year is therefore the third of the five-year audit appointment.

3. Pauline Gillen and the audit team are independent of Falkirk Council Pension Fund in accordance with relevant ethical requirements, including the Financial Reporting Council's Ethical Standard. This standard imposes stringent rules to ensure the independence and objectivity of auditors. Audit Scotland has robust arrangements in place to ensure compliance with ethical standards. The arrangements are overseen by the Executive Director of Innovation and Quality, who serves as Audit Scotland's Ethics Partner.

4. The Ethical Standard requires auditors to communicate any relationships that may affect the independence and objectivity of the audit team. There are no such relationships pertaining to the audit of Falkirk Council Pension Fund to communicate.

Audit scope and responsibilities

Scope of the audit

5. The audit is performed in accordance with the Code of Audit Practice, including supplementary guidance, International Standards on Auditing (UK), and relevant legislation. These set out the requirements for the scope of the audit which includes:

- An audit of the financial statements and an opinion on whether they give a true and fair view and are free from material misstatement.
- An opinion on statutory other information published with the financial statements in the annual report and accounts, the Management Commentary and the Annual Governance Statement.
- Conclusions on Falkirk Council Pension Fund's arrangements in relation to the wider scope areas: Financial Management, Financial Sustainability, Vision, Leadership, and Governance, and Use of Resources to Improve Outcomes.
- Reporting on Falkirk Council Pension Fund's arrangements for securing Best Value.
- Provision of an Annual Audit Report setting out significant matters identified from the audit of the annual report and accounts and the wider scope areas specified in the Code of Audit Practice.

Responsibilities

6. The Code of Audit Practice sets out the respective responsibilities of Falkirk Council Pension Fund and the auditor. A summary of the key responsibilities is outlined below.

Auditor's responsibilities

7. The responsibilities of auditors in the public sector are established in the Local Government (Scotland) Act 1973. These include providing an independent opinion on the financial statements and other information reported within the annual report and accounts, and concluding on Falkirk Council Pension Fund's arrangements in place for the wider scope areas.

Falkirk Council Pension Fund's responsibilities

8. Falkirk Council Pension Fund has primary responsibility for ensuring proper financial stewardship of public funds, compliance with relevant legislation and establishing effective arrangements for governance,

propriety and regularity that enables it to successfully deliver its objectives. The features of proper financial stewardship include:

- Establishing arrangements to ensure the proper conduct of its affairs.
- Preparation of an annual report and accounts, comprising financial statements and other information that gives a true and fair view.
- Establishing arrangements for the prevention and detection of fraud, error and irregularities, and bribery and corruption.
- Implementing arrangements to ensure its financial position is soundly based.
- Making arrangements to secure Best Value.
- Establishing an internal audit function.

Audit of the annual report and accounts

Introduction

9. The audit of the annual report and accounts is driven by materiality and the risks of material misstatement in the financial statements, with greater attention being given to the significant risks of material misstatement. This chapter outlines materiality, the significant risks of material misstatement that have been identified, and the impact these have on the planned audit procedures.

Materiality

10. The concept of materiality is applied by auditors in planning and performing an audit, and in evaluating the effect of any uncorrected misstatements on the financial statements or other information reported in the annual report and accounts.

11. Broadly, the concept of materiality is to determine whether matters identified during the audit could reasonably be expected to influence the decisions of users of the financial statements. Auditors set a monetary threshold when determining materiality, although some issues may be considered material by their nature. Therefore, materiality is ultimately a matter of the auditor’s professional judgement.

12. The materiality levels determined for the audit of the Pension Fund are outlined in [Exhibit 1](#).

Exhibit 1

2024/25 Materiality levels for Falkirk Council Pension Fund

Materiality	Falkirk Council Pension Fund
Materiality – based on an assessment of the needs of users of the financial statements and the nature of the Pension Fund’s operations, the benchmark used to determine materiality is net assets based on the audited 2023/24 financial statements. Materiality has been set at 2% of the benchmark.	£68 million

Materiality	Falkirk Council Pension Fund
Performance materiality – this acts as a trigger point. If the aggregate of misstatements identified during the audit exceeds performance materiality, this could indicate that further audit procedures are required. Using professional judgement, performance materiality has been set at 70% of planning materiality.	£47 million
Reporting threshold – all misstatements greater than the reporting threshold will be reported.	£1.5 million

Source: Audit Scotland

Significant risks of material misstatement to the financial statements

13. The risk assessment process draws on the audit team's cumulative knowledge of Falkirk Council Pension Fund, including the nature of its operations and its significant transaction streams, the system of internal control, governance arrangements and processes, and developments that could impact on its financial reporting.

14. Based on the risk assessment process, significant risks of material misstatement to the financial statements have been identified and these are summarised in [Exhibit 2, page 8](#). These are the risks which have the greatest impact on the planned audit approach, and the planned audit procedures in response to the risks are outlined in [Exhibit 2](#).

15. The risk assessment process is an iterative and dynamic process. The assessment of risks set out in this Annual Audit Plan and [Exhibit 2](#) may change as more information and evidence is obtained over the course of the audit. Where such changes occur, these will be reported to Falkirk Council Pension Fund and those charged with governance, where relevant.

Exhibit 2**Significant risks of material misstatement to the financial statements**

Risk of material misstatement	Planned audit response
Fraud caused by management override of controls Management is in a unique position to perpetrate fraud because of management's ability to override controls that otherwise appear to be operating effectively.	The audit team will: • Evaluate the design and implementation of controls over journal entry processing. • Make inquiries of individuals involved in the financial reporting process about inappropriate or unusual activity relating to the processing of journal entries. • Test journal entries at the year-end and post-closing entries with focus on significant risk areas. • Consider the need to test journal entries and other adjustments throughout the year. • Evaluate any significant transactions outside the normal course of business. • Assess the adequacy of controls in place for identifying and disclosing related party relationships and transactions in the financial statements. • Assess changes to the methods and underlying assumptions used to prepare accounting estimates and assess these for evidence of management bias. • Substantively test income and expenditure transactions around the year-end to confirm they are accounted for in the correct financial year.

Risk of material misstatement	Planned audit response
Valuation of investment assets There is a significant degree of subjectivity in the measurement and valuation of the pension fund's investment assets. A significant proportion of these assets relate to the fair value of Level 2 and Level 3 investments. Level 3, and some level 2, investments have at least one input that could have a significant effect on the valuation that is not based on observable inputs such as active market data. The high level of estimation and judgement involved in the valuation of these investments increases the risk of material misstatement in the carrying value of the investment.	The audit team will: • Confirm year-end valuations to valuation reports and/or other supporting documentation, including third party confirmation. • Review relevant investment manager controls reports for qualifications or exceptions that may affect the audit risk. • Review the arrangements in place to assess investment manager's governance arrangements. • Review the adequacy of the disclosures included in the accounts in relation to investments including valuation techniques, key assumptions, and sensitivity analysis. • Verify observable inputs and assess significant unobservable inputs for reasonableness. • Assess the competence, capabilities and objectivity of the investment managers.

Key audit matters

16. The Code of Audit Practice requires public sector auditors to communicate key audit matters. Key audit matters are those matters, that in the auditor's professional judgement, are of most significance to the audit of the financial statements and require most attention when performing the audit.

In determining key audit matters, auditors consider:

- Areas of higher or significant risk of material misstatement.
- Areas where significant judgement is required, including accounting estimates that are subject to a high degree of estimation uncertainty.
- Significant events or transactions that occurred during the year.

17. The matters determined to be key audit matters will be communicated in the Annual Audit Report. [Exhibit 2](#) outlines the significant risks of material misstatement to the financial statements that have been identified, including those that have greatest impact on the planned audit procedures and require most attention when performing the audit.

Wider scope and Best Value

Introduction

18. Reflecting the fact that public money is involved, the Code of Audit Practice requires that public audit is planned and undertaken from a wider perspective than in the private sector. The wider scope audit set out by the Code of Audit Practice broadens the audit of the annual report and accounts to include consideration of additional aspects or risks in four wider scope areas, which are summarised below:

- **Financial Management** – this means having sound budgetary processes. Factors that can impact on Falkirk Council Pension Fund being able to secure sound financial management include the strength of the financial management culture, accountability, and arrangements to prevent and detect fraud, error and other irregularities, bribery and corruption.
- **Financial Sustainability** – this means looking forward over the medium and longer term to ensure the pension fund has a strong funding position. This is assessed by considering Falkirk Council Pension Fund's funding and investment strategies, Fund membership and cashflow position.
- **Vision, Leadership and Governance** – this means having a clear vision and strategy, with set priorities within the vision and strategy. This is assessed by considering the clarity of plans in place to deliver the vision and strategy and the effectiveness of the governance arrangements to support delivery.
- **Use of Resources to Improve Outcomes** – this means using resources to meet stated outcomes through effective planning. This is assessed by considering the administration of Falkirk Council Pension Fund's performance against target and its investment performance against its benchmarks.

19. A conclusion on the effectiveness and appropriateness of arrangements that Falkirk Council Pension Fund has in place for each of the wider scope areas will be reported in the Annual Audit Report.

Best Value

20. Falkirk Council Pension Fund is a pension fund that is administered by Falkirk Council. As pension funds are not local authorities or separate bodies that fall within section 106 of the Local Government (Scotland) Act

1973, the statutory responsibility for securing Best Value for pension funds lies with the administering local authority, Falkirk Council.

21. We will consider the arrangements to secure Best Value at the Pension Fund as part of the Falkirk Council audit. Any matters relating to the Pension Fund will be reported in the Annual Audit Report.

Significant wider scope and Best Value risks

22. No significant risks in the wider scope areas or Best Value were identified from the risk assessment process.

Reporting arrangements, timetable and audit fee

Audit outputs

23. The outputs from the 2024/25 audit include:

- This Annual Audit Plan.
- An Independent Auditor's Report to Falkirk Council Pension Fund and the Accounts Commission setting out opinions on the annual report and accounts.
- An Annual Audit Report to Falkirk Council Pension Fund and the Accounts Commission setting out significant matters identified from the audit of the annual report and accounts, conclusions from the wider scope and Best Value audit, and recommendations, where required.

24. The matters to be reported in the outputs will be discussed with Falkirk Council Pension Fund for factual accuracy before they are issued. All outputs from the audit will be published on Audit Scotland's website, apart from the Independent Auditor's Report, which is included in the audited annual report and accounts.

25. Target dates for the audit outputs are set by the Accounts Commission. In setting these dates, consideration is given to the statutory date for approving the annual report and accounts, which is 30 September 2025 for local government bodies.

26. The Independent Auditor's Report and Annual Audit Report are planned to be issued by the target date of 30 September 2025.

Audit timetable

27. Achieving the timetable for production of the annual report and accounts supported by complete and accurate working papers, is critical to delivery of the audit to agreed target dates. [Exhibit 3](#) includes a timetable for the audit, which has been agreed with management. The timetable will be kept under review as the audit progresses, and any changes required, and their potential impact, will be discussed with Falkirk Council Pension Fund and reported to those charged with governance, where required.

Exhibit 3

2024/25 audit timetable

Audit activity	Target date	Relevant committee date
Issue of Annual Audit Plan	14 February 2025	18 March 2025
Annual report and accounts:		
Consideration of unaudited annual report and accounts by those charged with governance	24 June 2025	24 June 2025
Submission of unaudited annual report and accounts and all working papers to audit team	30 June 2025	Not applicable
Latest date for audit clearance meeting	30 August 2025	Not applicable
Issue of draft Letter of Representation, proposed Independent Auditor's Report, and proposed Annual Audit Report	TBC	TBC
Agreement of audited and unsigned annual report and accounts	TBC	TBC
Approval by those charged with governance and signing of audited annual report and accounts	TBC	TBC

Source: Audit Scotland

Audit fee

28. Falkirk Council Pension Fund's audit fee is determined in line with Audit Scotland's fee setting arrangements. The proposed audit fee for the 2024/25 audit is £31,820 (2023/24: £31,220)

29. In setting the audit fee, it is assumed that Falkirk Council Pension Fund has effective governance arrangements in place and the complete annual report and accounts will be provided for audit in line with the agreed timetable. The audit fee assumes there will be no significant changes to the planned scope of the audit. Where the audit cannot

proceed as planned, for example, due to incomplete or inadequate working papers, the audit fee may need to be increased.

Other matters

Internal audit

30. Falkirk Council Pension Fund is responsible for establishing an internal audit function as part of an effective system of internal control. As part of the audit, the audit team will obtain an understanding of internal audit, including its nature, responsibilities, and activities.

31. While internal audit and external audit have differing roles and responsibilities, external auditors may seek to rely on the work of internal audit where it is considered appropriate. A review of internal audit's 2024/25 audit plan was carried out to identify if there were any areas where the audit team could rely on its work. The audit team concluded it will not formally rely on internal audit's work. However, the audit team will review internal audit's reports and assess if there is any impact on the audit.

Audit quality

32. Audit Scotland is committed to the consistent delivery of high-quality audit. Audit quality requires ongoing attention and improvement to keep pace with external and internal changes. Details of the arrangements in place for the delivery of high-quality audits is available from the [Audit Scotland website](#).

33. The International Standards on Quality Management (ISQM) applicable to Audit Scotland for 2024/25 audits are:

- ISQM (UK) 1, which deals with an audit organisation's responsibilities to design, implement, and operate a system of quality management (SoQM) for audits. Audit Scotland's SoQM consists of a variety of components, such as: governance arrangements and culture to support audit quality, compliance with ethical requirements, ensuring Audit Scotland is dedicated to high-quality audit through engagement performance and resourcing arrangements, and ensuring there are robust quality monitoring arrangements in place. Audit Scotland carries out an annual evaluation of its SoQM and has concluded it complies with this standard.
- ISQM (UK) 2, which sets out arrangements for conducting engagement quality reviews, which are performed by senior management not involved in an audit, to review significant

judgements and conclusions reached by the audit team, and the appropriateness of proposed audit opinions on high-risk audits.

34. To monitor quality at an individual audit level, Audit Scotland carries out internal quality reviews on a sample of audits. Additionally, the Institute of Chartered Accountants of England and Wales (ICAEW) carries out independent quality reviews on a sample of audits.

35. Actions to address deficiencies identified by internal and external quality reviews are included in a rolling Quality Improvement Action Plan, which is used to support continuous improvement. Progress with implementing planned actions is monitored on a regular basis by Audit Scotland's Quality and Ethics Committee.

36. Audit Scotland may periodically seek the views of Falkirk Council Pension Fund on the quality of audit services provided. The audit team would also welcome feedback at any time.
