We are pleased to report that our opinion (true and fair) on the financial statements for the year ended 31 March 2010 is **unqualified**.

The financial statements and supporting schedules were presented to us for audit within the agreed timetable. The quality of financial statement working papers provided and internal review process undertaken by management were of a reasonable standard.

Our audit of the financial statements identified a number of minor disclosure and financial adjustments which have now been amended by Management in the final financial statements.

Financial Position 2009/10

Total expenditure for the year ended 31 March 2010 was £12.131 million. This expenditure is matched with income from the Scottish Government of £12.133 million. There is a small deficit on the Income and Expenditure

Account of £9,000 due to interest arising on pension costs and return of pension assets, as required by the Statement of Recommended Practice and accounting treatment under Financial Reporting Standard (FRS) 17: Retirement benefits. This balance is reversed out in the Statement of Movement on the General Fund in accordance with SORP guidance resulting in a zero general fund balance carried forward into 2010/11.

The principal assets and liabilities of the authority reflected within the balance sheet are; pension assets and liabilities, a debtor with the Scottish Government of £0.641 million and creditors and accruals of £0.641 million due to the Scottish Government, North Lanarkshire Council and South Lanarkshire Council.

Governance and Internal Financial Control (Section 3)

The Authority utilises the key financial systems in place at South Lanarkshire Council in particular the general ledger, payroll, accounts payable and accounts receivable. Therefore appropriate systems audit work has been undertaken as part of our 2009/10 audit of South Lanarkshire Council.

1. Introduction

The Code sets out the need for public sector audits to be planned and undertaken from a wider perspective than in the private sector, involving assurance on the financial statements but also consideration of areas such as regularity, performance and achievement of Best Value.

Set out below for information is a summary of our responsibilities as your external auditor and the responsibilities of the Authority and the Chief Officer.

Responsibility of the Authority and the Chief Officer

- Ensuring proper administration of the Authority's financial affairs.
- Managing the Authority's affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Selecting suitable accounting policies and applying them consistently.
- Making judgements which are prudent, and estimates that are reasonable and prudent in line with the CIPFA/LAASAC Code of Practice on local authority accounting in the United Kingdom.
- Maintaining proper accounting records.

Responsibilities of External Audit

We would like to thank all management and staff involved for their assistance throughout the audit process.

2. Audit Process and Financial Position

Our Audit Opinion

The Public and Finance and Accountability (Scotland) Act 2000 requires that, following the completion of an audit, the auditors shall place on the abstract of accounts a certificate which sets out the basis on which they have formed their audit opinion. Our opinion on the accounts states:

- That the audit has been conducted in accordance with the requirements of the Public and Finance and Accountability (Scotland) Act 2002 and the Code of Audit Practice;
- The respective responsibilities of management and auditors in relation to the accounts; and
- Whether, in the auditors' opinion, the accounts give a true and fair view, in accordance with the Management of Offenders etc (Scotland) Act 2005 and regulations made thereunder, of the state of affairs of the authority as at 31 March 2010.

We are pleased to report that our opinion (true and fair) on the financial statements for the year ended 31 March 2010 is **unqualified**.

Audit Process

The financial statements for the Authority have been prepared in accordance with the accounting requirements set out in the Code of Practice on Local Authority Accounting in the UK 2009 – A statement of recommended practice ("SORP").

The accounts were approved by the Chief Officer for issue on 30 September 2010 and presented to Audit Scotland and the Scotlish Government by 30 September 2010. The financial statements and supporting schedules were presented to us for audit within the agreed timetable. The quality of supporting working papers provided and internal review process undertaken by management were of a reasonable standard.

Overall we believe an efficient audit process was achieved and an effective working relationship exists with the South Lanarkshire Council finance staff.

Adjustment to the draft Financial Statements

Our audit of the financial statements identified a number of minor disclosure and financial adjustments which have now been amended by Management in the financial statements.

Under international auditing standard ("ISA") 260 – "Communication of audit matters to those charged with governance" we are required to report all unadjusted errors identified during the course of our audit to Members of the Lanarkshire Community Justice Authority, in their governance role. We are pleased to report that all adjustments proposed have been agreed with management and are reflected in the financial statements.

Financial Statements and Financial Position for 2009/10

The financial statements consist of five primary statements as set out within the Local Government SORP 2009: Income and Expenditure account for the year ended 31 March 2010, the Statement of Movement on the General Fund, Statement of Total Recognised Gains and Losses, Balance Sheet and

Cash Flow Statement. In addition, in accordance with Scottish Government guidance the Authority's Social Work Services Annual Financial Statement has been included within the Financial Statements as an appendix.

Total expenditure for the year ended 31 March 2010 was £12.131 million. This expenditure is matched with income from the Scottish Government of £12.133 million. There is a small deficit on the Income and Expenditure Account of £9,000 due to interest arising on pension costs and return pension assets, as required by accounting treatment under Financial Reporting Standard (FRS) 17: Retirement benefits. This balance is reversed out in the Statement of Movement on the General Fund in accordance with SORP guidance resulting in a zero general fund balance carried forward into 2010/11.

The principal assets and liabilities of the Authority reflected within the balance sheet are; pension assets and liabilities, a debtor with the Scottish Government of £0.641 million and creditors and accruals of £0.641 million due to the Scottish Government, North Lanarkshire Council and South Lanarkshire Council.

Allocation of Costs

Currently expenditure incurred is allocated to individual projects and it is this allocation which is reported in the annual grant claim. Where costs cannot be directly allocated (in their entirety) for example staff costs, these are allocated on a percentage basis based on management time on projects.

3. Governance and Internal Financial Control

It is part of management's overall responsibility to design and maintain an appropriate system of internal controls to provide reasonable assurance that the accounting systems provide timely, accurate and reliable financial information and to safeguard the authority's assets.

As auditors, we obtain a sufficient understanding of internal controls to plan the audit. The understanding includes knowledge about the design of policies and procedures and whether they have been implemented, but does not necessarily extend to evaluating the operating effectiveness of all such policies and procedures. We only evaluate, and test, those internal controls on which we plan to rely on during our audit and which are required in relation to our Code of Audit Practice responsibilities. Accordingly, an audit would not usually identify all matters of interest to management in discharging its responsibilities.

The Authority utilises the key financial systems in place at South Lanarkshire Council in particular general ledger, payroll, accounts payable and accounts receivable. Therefore appropriate systems audit work has been undertaken

as part of our 2009/10 audit of South Lanarkshire Council. During the course of our interim controls work we noted a number of exceptions in respect of the Council's financial systems, which have been discussed and agreed with management. Agreed actions are reflected in a detailed action plan monitored by South Lanarkshire Council officers.

Internal Financial Controls Statement

Included within the financial statements is a statement on the systems of internal financial control, signed by the Chief Officer for the Lanarkshire Community Justice Authority. As the authority further develops it is recognised that this statement will be enhanced to reflect all key areas of financial controls considered.

Fraud and Corruption Arrangements

No frauds were reported for the Lanarkshire Community Justice Authority for the financial year ended 31 March 2010.
