# Glasgow City Region – City Deal Cabinet Joint Committee

Annual Audit Plan 2016/17

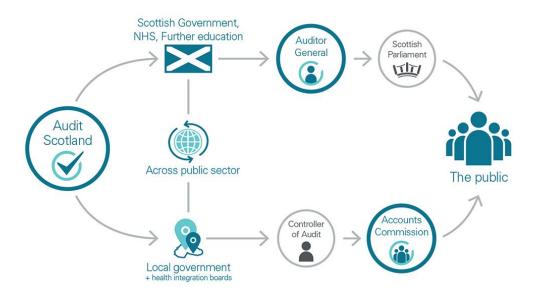

Prepared for Glasgow City Region - City Deal Cabinet Joint Committee

March 2017

## Who we are

The Auditor General, the Accounts Commission and Audit Scotland work together to deliver public audit in Scotland:

- The Auditor General is an independent crown appointment, made on the recommendation of the Scottish Parliament, to audit the Scottish Government, NHS and other bodies and report to Parliament on their financial health and performance.
- The Accounts Commission is an independent public body appointed by Scottish ministers to hold local government to account. The Controller of Audit is an independent post established by statute, with powers to report directly to the Commission on the audit of local government.
- Audit Scotland is governed by a board, consisting of the Auditor General, the chair of the Accounts Commission, a non-executive board chair, and two non-executive members appointed by the Scottish Commission for Public Audit, a commission of the Scottish Parliament.

# **About us**

Our vision is to be a world-class audit organisation that improves the use of public money.

Through our work for the Auditor General and the Accounts Commission, we provide independent assurance to the people of Scotland that public money is spent properly and provides value. We aim to achieve this by:

- carrying out relevant and timely audits of the way the public sector manages and spends money
- reporting our findings and conclusions in public
- identifying risks, making clear and relevant recommendations.

# **Contents**

Audit scope and timing	7
Financial statements	7
Internal audit	8
Audit dimensions	9
Independence and objectivity	10
Quality control	11

# Risks and planned work

1. This annual audit plan contains an overview of the planned scope and timing of our audit and is carried out in accordance with International Standards on Auditing (ISAs), the <u>Code of Audit Practice</u>, and any other relevant guidance. This plan identifies our audit work to provide an opinion on the financial statements and related matters and meet the wider scope requirements of public sector audit. The wider scope of public audit contributes to conclusions on the appropriateness, effectiveness and impact of corporate governance, performance management arrangements and financial sustainability.

### **Audit risks**

**2.** Based on our discussions with staff, attendance at committee meetings and a review of supporting information we have identified the following main risk areas for Glasgow City Region - City Deal Cabinet Joint Committee (Cabinet). We have categorised these risks into financial risks and wider dimension risks. The key audit risks, which require specific audit testing, are detailed in Exhibit 1.

### Exhibit 1

expenditure.

A	udit Risk	Management assurance	Planned audit work					
Fi	Financial statement issues and risks							
1	Risk of management override of controls	Owing to the nature of this risk, assurances from management	Detailed testing of journal entries.					
	ISA 240 requires that audit work is planned to consider the risk of	are not applicable in this instance.	Review of accounting estimates.					
	fraud, which is presumed to be a significant risk in any audit. This includes consideration of the risk		Focused testing of accruals and prepayments.					
	of management override of controls in order to change the position disclosed in the financial statements.		Evaluation of significant transactions that are outside the normal course of business.					
2	Risk of fraud over expenditure		Analytical procedures on					
	ISA 240 presumes a risk of fraud	Clear schemes of delegation in	expenditure streams.					
	over income which is expanded to include fraud over expenditure	place.	Detailed testing of expenditure transactions focusing on the					
	in the public sector Practice Note 10.	Appropriate processes for the authorisation, separation of duties and workflow associated with expenditure.	areas of greatest risk.					
	The risk of fraud over expenditure applies due to the material value on non-staff cost							

### **Reporting arrangements**

- **3.** Audit reporting is the visible output for the annual audit. All annual audit plans and the outputs as detailed in <a href="Exhibit 2">Exhibit 2</a>, and any other outputs on matters of public interest will be published on our website: <a href="https://www.audit-scotland.gov.uk">www.audit-scotland.gov.uk</a>.
- **4.** Matters arising from our audit will be reported on a timely basis and will include agreed action plans. Draft management reports will be issued to the relevant officer(s) to confirm factual accuracy.
- **5.** We will provide an independent auditor's report to the Cabinet and the Accounts Commission summarising the results of the audit of the annual accounts. We will provide the Joint Committee and Accounts Commission with an annual report on the audit containing observations and recommendations on significant matters which have arisen in the course of the audit.

### Exhibit 2 2016/17 Audit outputs

Target date	Joint Committee Date
8th August 2017	15th August 2017
15th August 2017	15th August 2017
	8th August 2017

### **Audit fee**

- **6.** The agreed audit fee for the 2016/17 audit of the Cabinet is £7,870. In determining the audit fee we have taken account of the risk exposure of the Cabinet, the planned management assurances in place and the level of reliance we plan to take from the work of internal audit. Our audit approach assumes receipt of the unaudited financial statements, with a complete working papers package no later than 30th of June 2017.
- **7.** Where our audit cannot proceed as planned through, for example, late receipt of unaudited financial statements or being unable to take planned reliance from the work of internal audit, a supplementary fee may be levied. An additional fee may also be required in relation to any work or other significant exercises outwith our planned audit activity.

### Responsibilities

### **Joint Committee and Executive Director of Financial Services**

- **8.** Audited bodies have the primary responsibility for ensuring the proper financial stewardship of public funds, compliance with relevant legislation and establishing effective arrangements for governance, propriety and regularity that enable them to successfully deliver their objectives.
- **9.** The audit of the financial statements does not relieve management or the Joint Committee, as those charged with governance, of their responsibilities.

### **Appointed auditor**

**10.** Our responsibilities as independent auditor are established by the 1973 Act for local government, and the Code of Audit Practice, and guided by the auditing profession's ethical guidance.

**11.** Auditors in the public sector give an independent opinion on the financial statements. We also review and report on the arrangements within the audited body to manage its performance, regularity and use of resources. In doing this, we aim to support improvement and accountability.

# Audit scope and timing

### **Financial statements**

- **12.** The statutory financial statements audit will be the foundation and source for the majority of the audit work necessary to support our judgements and conclusions. We also consider the wider environment and challenges facing the public sector. Our audit approach includes:
  - understanding the business of the Cabinet and the associated risks which could impact on the financial statements
  - assessing the key systems of internal control, and establishing how weaknesses in these systems could impact on the financial statements
  - identifying major transaction streams, balances and areas of estimation and understanding how the Cabinet will include these in the financial statements
  - assessing the risks of material misstatement in the financial statements
  - determining the nature, timing and extent of audit procedures necessary to provide us with sufficient audit evidence as to whether the financial statements are free of material misstatement.
- **13.** We will give an opinion on the financial statements as to:
  - whether they give a true and fair view in accordance with applicable law and the 2016/17 Code of the state of affairs of the Cabinet as at 31 March 2017 and of the income and expenditure of the Cabinet for the year then ended
  - whether they have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2016/17 Code
  - whether they have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

### **Materiality**

**14.** Materiality defines the maximum error that we are prepared to accept and still conclude that that our audit objective has been achieved. It helps assist our planning of the audit and allows us to assess the impact of any audit adjustments on the financial statements. We calculate materiality at different levels as described below. The calculated materiality values for the Cabinet are set out in Exhibit 3.

governance

arrangements

### Exhibit 3

### Materiality values

Materiality level	Amount
<b>Planning materiality -</b> This is the calculated figure we use in assessing the overall impact of audit adjustments on the financial statements. It has been set at 1% of gross expenditure for the year ended 31 March 17 based on the budget for 2016/17.	£8,000
<b>Performance materiality -</b> This acts as a trigger point. If the aggregate of errors identified during the financial statements audit exceeds performance materiality this would indicate that further audit procedures should be considered. Using our professional judgement we have calculated performance materiality at 90% of planning materiality.	£7,200
<b>Reporting threshold -</b> We are required to report to those charged with governance on all unadjusted misstatements in excess of the 'reporting threshold' amount. This has been calculated at 5% of planning materiality, rounded to the nearest thousand.	£1,000

**15.** We review and report on other information published with the financial statements including the management commentary, annual governance report. Any issue identified will be reported to the Joint Committee.

### **Timetable**

**16.** To support the efficient use of resources it is critical that a financial statements timetable is agreed with us for the production of the unaudited accounts. An agreed timetable is included at <a href="Exhibit 4">Exhibit 4</a> which takes account of submission requirements and planned Cabinet dates:

### **Exhibit 4**

### Financial statements timetable

Key stage	Date
Consideration of unaudited financial statements by those charged with governance	6 June 2017
Latest submission date of unaudited financial statements with complete working papers package	30 June 2017
Latest date for final clearance meeting with lead officers	31 July 2017
Agreement of audited unsigned financial statements; Issue of Annual Audit Report including ISA 260 report to those charged with governance	8 August 2017
Independent auditor's report signed	15 August 2017

### **Internal audit**

**17.** Auditing standards require internal and external auditors to work closely together to make best use of available audit resources. We seek to rely on the work of internal audit wherever possible and as part of our planning process we

carry out an assessment of the internal audit function. Internal audit is provided by the Internal Audit section of Glasgow City Council.

### **Adequacy of Internal Audit**

**18.** A review of the internal audit function at Glasgow City Council was carried out by the Glasgow City Council audit team in early 2017. This concluded that it has sound documentation standards and reporting procedures in place and complies with the main requirements of the Public Sector Internal Audit Standards (PSIAS).

### Areas of reliance

**19.** In respect of our wider dimension audit responsibilities we plan to consider areas of internal audit work including:

- · Risk Management
- Financial Transactions
- · Financial Monitoring.

### **Audit dimensions**

**20.** Our audit is based on four audit dimensions that frame the wider scope of public sector audit requirements as shown in <a href="Exhibit 5"><u>Exhibit 5</u></a>.

# **Exhibit 5**Audit dimensions

**21.** In the local government sector, the appointed auditor's annual conclusions on these four dimensions will contribute to an overall assessment and assurance on best value.

### **Financial sustainability**

**22.** As auditors we consider the appropriateness of the use of the going concern basis of accounting as part of the annual audit. We will also comment on the body's financial sustainability in the longer term. We define this as medium term (two to five years) and longer term (longer than five years) sustainability. We will carry out work and conclude on:

- the effectiveness of financial planning in identifying and addressing risks to financial sustainability in the short, medium and long term
- the appropriateness and effectiveness of arrangements in place to address any identified funding gaps.

### **Financial management**

**23.** Financial management is concerned with financial capacity, sound budgetary processes and whether the control environment and internal controls are operating effectively. We will review, conclude and report on:

- whether the Cabinet has arrangements in place to ensure systems of internal control are operating effectively
- whether the Cabinet can demonstrate the effectiveness of budgetary control system in communicating accurate and timely financial performance
- how the Cabinet has assured itself that its financial capacity and skills are appropriate
- whether the Cabinet has established appropriate and effective arrangements for the prevention and detection of fraud and corruption.

### **Governance and transparency**

**24.** Governance and transparency is concerned with the effectiveness of scrutiny and governance arrangements, leadership and decision-making and transparent reporting of financial and performance information. We will review, conclude and report on:

- whether the Cabinet can demonstrate that the governance arrangements in place are appropriate and operating effectively
- whether there is effective scrutiny, challenge and transparency on the decision-making and finance and performance reports
- the quality and timeliness of financial and performance reporting.

### Value for money

**25.** Value for money refers to using resources effectively and continually improving services. We will review, conclude and report on whether the Cabinet can provide evidence that it is demonstrating value for money in the use of its resources in the delivery of its objectives.

### Independence and objectivity

**26.** Auditors appointed by Audit Scotland must comply with the Code of Audit Practice. When auditing the financial statements auditors must also comply with professional standards issued by the Financial Reporting Council and those of the professional accountancy bodies. These standards impose stringent rules to ensure the independence and objectivity of auditors. Audit Scotland has in place robust arrangements to ensure compliance with these standards including an annual "fit and proper" declaration for all members of staff. The arrangements are overseen by the Assistant Auditor General, who serves as Audit Scotland's Ethics Partner.

**27.** The engagement lead for the Cabinet is Stephen O'Hagan, Senior Audit Manager. Auditing and ethical standards require the appointed auditor to communicate any relationships that may affect the independence and objectivity of audit staff. We are not aware of any such relationships pertaining to the audit of the Cabinet.

### **Quality control**

- **28.** International Standard on Quality Control (UK and Ireland) 1 (ISQC1) requires that a system of quality control is established, as part of financial audit procedures, to provide reasonable assurance that professional standards and regulatory and legal requirements are being complied with and that the independent auditor's report or opinion is appropriate in the circumstances.
- **29.** The foundation of our quality framework is our Audit Guide, which incorporates the application of professional auditing, quality and ethical standards and the Code of Audit Practice issued by Audit Scotland and approved by the Auditor General for Scotland. To ensure that we achieve the required quality standards Audit Scotland conducts peer reviews, internal quality reviews and is currently reviewing the arrangements for external quality reviews.
- **30.** As part of our commitment to quality and continuous improvement, Audit Scotland will periodically seek your views on the quality of our service provision. We welcome feedback at any time and this may be directed to the engagement lead.
